01. ABOUT US

LOCAL FIRM, GLOBAL SUCCESS

COMPREHENSIVE AND COMPETITIVE OFFER

We are one of the leading producers of beverages in Central and Eastern Europe. As a group, we have extensive experience totalling over 30 years in the private label sector, supplying products for global brands and international chains.

We have our own bottling plant located in Stalowa Wola (in the Podkarpackie Voivodeship in Poland).

04. ADVANTAGE / MUTUAL SUCCESS

COMPETITIVE ADVANTAGE

YOUR SUCCESS IS OUR SUCCESS

PARTNERSHIP

We believe that a partnership approach to business is the key to mutual success.

DEVELOPMENT

We want our clients to grow with us, so we are open to the needs of the market and we invest in continuous development to maintain flexibility in meeting the needs of our clients.

ADVANTAGE / MUTUAL SUCCESS

COMPETITIVE ADVANTAGE

**YOUR SUCCESS
IS OUR SUCCESS**

EXPERIENCE

As a group, we have over 30 years of experience in the private label sector.

OPTIMISATION

As a business partner, we also strive to optimise our activities and operating costs, so that our offer of services and products is as advantageous as possible.

05. OFFER / DRINKS

SPECIALISATION AND COMPREHENSIVE SERVICE

OFFER

We provide comprehensive support for the production process, starting from the development of a drink recipe and its bottling, through the selection of appropriate components, as well as unit and collective packaging, ending with storage and transport.

A very important step in the production process is the quality control of the raw materials, semi-finished products and finished products, which are all thoroughly tested in our laboratory.

06. OFFER / OUR PORTFOLIO

OUR PRODUCTS

A COMPLETE PORTFOLIO

We offer 6 beverage categories, consisting of carbonated and non-carbonated drinks, in a wide range of flavours, with various additives and functions.

07. LABORATORY / HIGH STANDARDS

RESEARCH & DEVELOPMENT

QUALITY CONTROL OF RAW MATERIALS

We are constantly introducing innovative new product solutions. We develop unique recipes, but also improve existing compositions. We work with global suppliers, thanks to which we are sure that our products are of the highest quality, while also following global trends.

Our products meet the requirements of the most demanding audits and certification bodies. Thanks to our use of state-of-the-art equipment, the highest quality raw materials and high technologies, we can provide our customers with goods of the highest quality.
